A
BILL OF MORTALITY.

FOR THE SOCIETY OF FRIENDS,

IN DOVER N. H.

FROM 1708, TO 1791.

ALSO

A GENERAL BILL OF MORTALITY

FOR

DOVER N. H.

“No glorious things can ever long remain :
The meteors shine and disappear again.
So dearest, kindest friends alas! must part ;
Leave us to fruitless tears and aching heart !”

PRINTED BY

JAMES K. REMICK,

1803.

BILL OF MORTALITY

FOR THE SOCIETY OF FRIENDS IN DOVER N. H.

From 1708 to 1791, as taken from their Records.

The town of Dover at the beginning of this Bill of Mortality, contained more territory than it now has; and it is not improbable that the places of residence of many of those whose deaths are here recorded, are now found out of the limits of what is at present called Dover.

This bill throws but little of that light upon the subject, that is naturally expected from a Bill of Mortality, as there is not a single disease mentioned in the whole 83 years; neither do we suppose we have a record of all the Deaths that happened during that period.

It is to be wished that the Friends would keep a correct Bill of Mortality for each year, noting the time of their death, their names, diseases (which may be easily obtained in general) and their ages.— If they will comply with our wishes, it will be a pleasure to themselves and instructive to individuals.

BILL OF MORTALITY.

YEAR.	MONTH.	NAMES.	AGE.
1708	23d of 4th month,	Mary Muffey,	2
1710	11th of 2d month,	Elizabeth Robinfon,	10

	4th of 11th do.	Mercy Hanson,	91
	22d of do	John Varney,	Ukn.

Whole number of Deaths 64.

GENERAL BILL OF MORTALITY FOR DOVER.

From Dr. Belknap's, History of N. H.

IN May 1735, that disease, which has received the popular name of *Throat distemper*, first made its appearance in this country at Kingston N. H.—of the first 40 that had it all died.—In Hampton-falls, 20 families buried all their children: 27 persons were lost out of 5 families, and in 14 months ending 26th July 1736, 210 persons died with this disease, being more than one sixth part of the inhabitants!—During this same period of 14 months 88 persons died of this pestilence in Dover, and in 15 Towns in the province of N. H. upwards of a thousand!

Table of Deaths from 1767 to 1776.

DISEASES.	NO. OF DEATHS.	DISEASES.	NO. OF DEATHS.
Accidents	11	Gravel,	1
Apoplexy,	1	Jaundic	.
Asthma,	3	King's	.
Bleeding,	2	Mania,	.
Cancer,	1	Measles.	.
Childbed,	7	Children under Month,	20
Cholic,	3	Nervous Head ache,	3
Cough and Fever,	5	Palsy,	5
Whooping Cough,	1	Quinzy,	1
Consumption,	26	Rheumatism,	1
Convulsions.	5	Strangury,	.
Decay of Nature,	19	Suddenly,	.
Dropsy,	6	Throat-Distemper,	.
Drunkennels,	1	Thrush,	.
Dyfantary.	2	Worms & other name	.
Fevers,	.	186 Diseases of Children	.
	.		.

TAKEN FROM THE RECORDS OF THE LATE NATHL. COOPER.

The number of deaths are probably deficient for some of the years. (Mr. Cooper regarded to keep a record of the ages and Diseases of those whose deaths he has recorded, except it happened to be a person of distinction, a neighbour, or something peculiar in the case of the person deceased.)
